

Specifications - Bookmark (Art.No. 8011)

The packaging »with side effects«

-  final size
-  3 mm bleed addition
-  3 mm safety distance. Please do not place important elements in this area.

LAYOUT - NOTICES

Final size = 210 x 54 mm
(grey coloured area)

Bleed: 3 mm on all sides
(Bleed prevents white edges due to cutting tolerances)

Security distance = 3 mm
In paper processing, processing tolerances can not be avoided. Please place important objects with a sufficient distance from the edge.

Data requirements:

- printable data
- pictures with minimum 300 dpi
- color space CMYK
- maximum 300% ink coverage

Please send data without cutting marks and without register marks

 The design number needs to be integrated:
DE 20 2009 001 579.3 & 001082010-0001

The address data needs to be integrated but may be changed to the customer's address.

PROTECTIVE LACQUER

One side of the »bookmark« is finished with a protective lacquer to avoid discoloration or scratches caused by the pencil. Typically the page where the pencil is placed is selected protective lacquered.
