

Wooden folding rule »Brillant«

Item-No. 6135

Wooden folding rule made of beech wood **with elements with Swedish steel:** heat treatment, epoxy painted and oiled at three points, **with excellent features for an abrasion-resistant, easy and long lasting function.**

Millimeter partition on both sides makes the scale readable from the first till the last centimeter.

High quality water based dipping lacquer: weatherproof and abrasion-resistant against dirt and humidity.

Nearly **smooth surface when folded up** for optimal **advertising opportunities.**

Each element is **checked twice** during production with a high speed camera.

excellent craftsman quality
